

CURRICULUM VITAE

Name: **Alex FIBISHENKO**

Postal Address: 265-267 Burwood Hwy
Burwood East VIC 3151

Contact Details: T. +61 (03) 9802 2399
F. +61 (03) 9887 9430
e. alex@implantteam.com.au

Date of Birth: 22 July 1972

Marital Status: Married 1998; 2 Sons and Daughter

Date of CV: June 2008

Dr Alex Fibishenko graduated BDS from the University of Melbourne, Australia in 1995. The focus of his interest in surgery and implant dentistry earned him top marks in oral surgery and fixed prosthodontics, and he was awarded sponsorship from Buckley and Hutton Laboratories in his final year. He further pursued this interest with a mini-residency at the Facio-Maxillary Surgery Unit of the Hadassah Central Hospital in Jerusalem.

Upon graduation, he joined private practice at the South Yarra Dental Group and the East Burwood Dental Group. In 1997 he became a partner of the East Burwood Dental Group. As of 2007 he became sole principal of the practice.

Dr Fibishenko has been involved in implant restorative work since 1996 and implant surgery since 1997. He received training in Australia and abroad from leaders in the field of implant dentistry, including Dr Craig Misch (USA), Dr Paulo Malo (Portugal), Dr Ingvar Ericsson (Sweden), Dr Patrick Palacci (France), Dr Carl Misch (USA), Dr Charles Babbush (USA), Dr Ophir Fromovich (Israel), Dr Sasha Jovanovich (USA), Dr William Chong (Singapore), Dr Gabi Chaushu (Israel), Dr James Chow (Hong Kong), Dr Robert Marx (USA), Prof Massimo Simion (Italy) and Dr Andres Stricker (Germany), among others.

Founder of the Centre for Aesthetic and Implant Dentistry, today Dr Fibishenko's practice is exclusive to implant and reconstructive procedures. He is a member of the ADA, Australian Osseointegration Society, an accredited member of the Australian Society of Implant Dentistry and Fellow of the International Congress of Oral Implantologists (2002).

Former Chairman of the Implant Team Academy (ITA), Dr Fibishenko continues as Clinical Director of ITA, providing didactic and clinical training to general practitioners and specialists in the field implant dentistry and advanced implant procedures.

One of the pioneers of immediate loading and the All-On-4 concept in Australia, Dr Fibishenko was involved in establishing surgical and prosthetic protocols for advanced oral rehabilitation with an emphasis on predictable aesthetics and function, and has gained a nation wide reputation as a leader in these procedures. He also has a special interest in sinus grafting, Platelet Rich Plasma applications and Piezosurgery, and has commenced work towards the collating and publication of his ongoing clinical research.

Dr Fibishenko has special interests in Photography and Architecture. He has been involved as developer and architect in a number of construction projects and has been commended in a journal for chic design and innovation. His most recent project, the re-development of his dental clinic, draws from his combined experience in dentistry and architecture.
